

FOR IMMEDIATE RELEASE

ALTO CONTRACTS CLEVOR FOR SCHEDULING SERVICES

Saskatoon, Saskatchewan, June 10th, 2004 – Clevor Technologies Inc. announces that Alto Construction Ltd. has awarded it a contract to provide the scheduling services for its work related to the PCS Rocanville Compactor Upgrade project. This project work will start immediately.

About ALTO Construction Ltd.

ALTO Construction Ltd. is a Saskatchewan based company formed in 1969. During the over thirty-four-year history of the company, ALTO projects have encompassed industrial plant construction, and their ongoing maintenance and operations. Other projects have included the dismantling of complete mine plants or specific items, such as head frames, grinding mills and power plants.

About Clevor Technologies Inc.

Clevor Technologies Inc. markets a suite of Schedule Optimizer software tools for construction companies, professional services companies and manufacturers. Clevor Schedule Optimizers build a schedule that “optimizes” a given business objective. These software tools use a patent-pending intelligent systems-based high performance optimization engine developed by Clevor. These solutions help build a significant competitive advantage for its users.
