

PRESS RELEASE

CLEVOR CEO WINNER OF ROTARY GOLDEN WHEEL AWARD OF EXCELLENCE

Saskatoon, Saskatchewan, April 27th, 2006 – Rotary Clubs of Saskatoon announced yesterday that Ravi Maithel, President and CEO of Clevor Technologies Inc., has been selected as the 2006 winner of the Rotary Golden Wheel Award of Excellence in the category of Commerce and Industry.

This award is given to a person that has shown creativity and innovation in the creation, operation and conduct of a profit-based business. In addition to the accomplishments in his / her field, the nominee must show commitment to ethics, integrity and excellence.

This award was presented at the 20th Annual Golden Wheel Award for Excellence Luncheon held yesterday in Saskatoon.

In his brief remarks at the luncheon, Ravi Maithel thanked Rotary for this recognition. He also thanked the staff of Clevor and its shareholders. He paid special tribute to the early customers of Clevor for their vision in recognizing the benefits they could reap from Clevor Schedule Optimizer. He noted that they are happy with the results and that Clevor is now finding customers all over the world.

About Clevor Technologies Inc.

Clevor Technologies Inc. has developed and markets a suite of Schedule Optimizer software tools for construction companies, professional services companies and manufacturers. Clevor Schedule Optimizers build a schedule that “optimizes” a given business objective. These software tools use a patent-pending intelligent systems-based high performance optimization engine developed by Clevor. These solutions help build a significant competitive advantage for its users.
